

Complaints Policy & Procedure

Construction and Plant Assessments (CPA) is committed to providing a quality service, and achieving the highest standards of conducts, it is important to any training provider. One of the ways in which service can be improved is by listening and responding to the views of customers. Therefore, it is important to ensure that:

Making a complaint is as easy as possible

- A complaint is treated as a clear expression of dissatisfaction with our service which calls for a response
- Any complaint is treated seriously whether it is made in person, by telephone, by letter, or by email
- Complaints are dealt with promptly, politely and, where appropriate, informally (for example, by telephone)
- Responses are conducted in the right way: for example, with an explanation, an apology where necessary, or with information on any action to be taken
- Complaints are learnt from and used to improve services.

How do you make a complaint?

You can make a complaint in writing, by email, by telephone or in person (by appointment).

- If you are writing, or emailing your complaint, please provide your telephone number if a response by telephone would be convenient. If you are emailing, please state if a reply by email is required and, if not, please provide a full postal address.
- If you know the department which is relevant to your complaint, the name or title of an appropriate member of staff, please make your complaint direct to them (referring to this complaints procedure should be helpful).
- If you do not have this information, please contact CPA on 01709 868181 and we can put you in contact with the correct staff member.

What happens next?

- We will take your complaint seriously and deal with it promptly (please refer to the chart on page 2). You will receive a reply within 3 working days from when your complaint is received. If it is not possible to give you a full reply within this time (for instance, because a detailed investigation is required) we will give you an interim response, telling you what is being done to deal with your complaint, and when you can expect a full reply and from whom.
- The full reply will include the outcome and decision of the complaint, what action will be taken if necessary, and also will include details of who to contact next if you believe that your complaint has not been dealt with properly. This will normally be the appropriate Senior Departmental Manager. If, following that second response, you are still not satisfied, you can write to the direct funding provider we can give you this information by contacting the office on 01709 868181

The standards that applicants or learners can expect from CPA are set out in our expectations, but we do not restrict appeals to the statements made in our expectations (see below).

If an appeal is lodged then we will follow a formal, three-stage process in deciding the appeal.

Stage 1

The applicant/learner, or his/her representative, should put their appeal in writing, addressed to a CPA Manager within ten days.

Stage 2

CPA Manager will acknowledge receipt of the appeal within three working days, requesting clarification or further information as required.

Stage 3

CPA Manager will ensure that the appeal is fully investigated and a considered response sent to the applicant/learner, normally within ten working days of the appeal being received; if, for some reason, the matter cannot be resolved within ten working days, the applicant/learner will be informed of the delay, the reason for that delay and a date by when it is intended that an appropriate response can be provided
